BSC-10 Series
NEW Affordable Price, High Speed, Quality Printer Series

Star Micronics is proud to announce the release of the BSC-10. Star's BSC-10 is an affordable, high-speed, direct thermal receipt printer. Available with Ethernet connectivity, you can easily connect the BSC-10LAN to your network.

With its simple design and lever-free paper loading, this printer is designed to outperform the competition in retail and hospitality environments. Its high speed processing of receipts (250mm/second), as well as, a dual interface and ability to fit a 10cm paper roll, makes it the first choice for retailers and hospitality operators globally.

The BSC-10 is in 3 models making it easy for customers to select the appropriate model for their installation. A USB/Serial model, USB/Parallel model and Ethernet model are available. The BSC-10 also features ESC-POS™ emulation with Star Configuration Utility, including, OPOS™ and ESC/POS™ cash drawer compatibility. The BSC-10 ships with a power supply.

- **Ultra Fast at 250mm/sec**
- **ESC/POS™ Compatible out of the box**
- **Shipped with Power Supply**
- **High Resolution at 203 dpi**
- **Easy to install and to maintain**
